WHAT IS THE EUROPEAN YOUTH PARLIAMENT (EYP)?

The *European Youth Parliament* is a peer-to-peer educational programme bringing together young people from across Europe to debate the pressing issues of our time. Its mission is to inspire and empower a young generation of informed, open-minded, responsible, and active citizens that shape society and drive impact. The network and all its events are run by young volunteers. The *Future Strategies Forum* is a project by the German National Committee of the EYP (EYP Germany).

WHAT WILL THE FSF MAGDE- BURG 2022 LOOK LIKE?

The *Future Strategies Forum* is an international, English-speaking forum for young Europeans. It will take place from 20.06. - 29.06.2022 in Magdeburg. Participants will have the opportunity to discuss a European future together, improve their language skills and exchange intercultural experiences during a wide-ranging social programme.

The *Future Strategies Forum* will consist of two days of Teambuilding, three days of Committee Work and two days of General Assembly. Throughout the session, there will be multiple cultural events and activities. Additionally, after the session, the participants will have the chance to participate in webinars to discuss their future strategies with decision makers.

Here is a brief overview of the most important session parts:

Day 1/2 - Teambuilding, Welcome Party and Opening Ceremony:

Each EYP session begins with Teambuilding. Delegates are allocated in committees, made of a group of about 10 young people. Each Committee will be guided by an experienced Chairperson, who leads their committee to help them bond as a group, as well as feel comfortable around each other. This is usually done through games and activities to break the ice and prepare the delegates to work together in the next days of the session. On Day one we will also have a Welcome Party to start off our time together in Magdeburg and on day two we will host an official Opening Ceremony for the event.

Day 3/4/5 - Committee Work, Sustainable Empowerment Programme and cultural programme:

Following Committee's Teambuilding, delegates begin with Committee Work. They discuss their committee's topic, about a current issue in Europe, and come up with a resolution. Throughout the whole process, Chairpersons are there to help and guide the delegates to phrase a resolution that balances all the delegates' views. The resolution will be debated at the General Assembly. On day three there will also be several Workshops around the Topic of Sustainability during our so-called "Sustainable Empowerment Programme" and in the evening we will have a concert with performances from participants from the event. On day four you will get the chance to explore the city by yourselves in the evening and on day five you can join different activities like a museum visit or some Team-Sport during our "cultural programme".

Day 6/7 General Assembly and Farewell Party:

The General Assembly is the event where all committees come together to present and discuss the resolutions that were written during Committee Work. Each committee's resolution is presented one at a time. The General Assembly includes various different speeches followed by several rounds of debate. You will get the chance to deliver speeches in favour or against other committees' resolutions, as well as defending your own. During the round of open debate, you can make points about other committees' resolutions. At the end the resolutions are put to voting. On our last evening we will also host a Farewell Party to end the event together before everyone departs on the following day.

Day 8 - Departures

After the session:

After the physical event in Magdeburg has ended with the general assembly and a closing ceremony, the participants scatter all over Europe again. But this is not the end of the *Future Strategies Forum* project: The final element of the event is the digital follow-up seminars. In these webinars, participants can discuss the solutions they have developed with political decision-makers.
